

Manish Kumar Mishra

Software Developer

+91-9389445056 | mishra.manish4763@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | [LeetCode](#) | [GeeksforGeeks](#)

Software Developer with expertise in architecting scalable web applications, RESTful APIs, and cloud integrations. Specialized in the MERN stack and FastAPI, focused on performance optimization and writing clean, maintainable code.

EDUCATION

Haridwar University <i>Bachelor of Technology in Computer Science and Engineering</i>	2022 – 2027 (Expected) CGPA: 7.8/10
Class XII – MPBSE <i>Higher Secondary Education</i>	84.4%
Class X – CBSE <i>Secondary Education</i>	87.4%

TECHNICAL SKILLS

Languages: C++, JavaScript, Python
Frontend: React.js, HTML5, CSS3
Backend: Node.js, Express.js, FastAPI
Database: MongoDB
Cloud & Tools: AWS (S3, IAM), Git, GitHub

PROFESSIONAL EXPERIENCE

Aarsh AI Technologies <i>MERN Stack Developer Intern</i>	June 2026 – Present <i>Hybrid</i>
- Engineered and enhanced full-stack web applications leveraging the MERN stack, improving system responsiveness and user experience. - Collaborated within an Agile development environment to architect new features, resolve critical bugs, and optimize overall application performance.	

PROJECTS

Learning Management System (LMS) <i>MERN, JWT, AWS S3, Tailwind</i>	Live GitHub
- Architected a full-stack Learning Management System using the MERN stack, implementing secure JWT authentication and Role-Based Access Control (RBAC). - Designed RESTful APIs for Admin, HR, Instructor, and Employee modules, streamlining course management and user onboarding workflows. - Integrated AWS S3 for secure cloud storage of course materials and automated certificate generation, ensuring high availability.	
Banking Management System <i>HTML, CSS, JavaScript</i>	Live GitHub
- Developed a secure Banking Management System to handle account creation, deposits, fund transfers, and real-time balance tracking. - Implemented robust client-side validation and interactive UI workflows using JavaScript, enhancing transaction security and reducing input errors.	

ACHIEVEMENTS

- Solved **200+ Data Structures and Algorithms** problems across LeetCode and GeeksforGeeks, demonstrating strong algorithmic problem-solving skills.
- Selected as a **GeeksforGeeks Campus Mantri**, spearheading student community initiatives and promoting technical learning on campus.
- Earned the **100 Days Badge on LeetCode** for maintaining a highly consistent daily coding streak.

CERTIFICATIONS

- Web Development Certification** – IIT Bombay
- Front-End Web Development Certification** – IBM
- 160 Days of Problem Solving** – GeeksforGeeks
